

REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY BY THE ASSIGNEE

I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I am authorized to act on behalf of the following company: **Future Energy GmbH**

The entire title to the patent identified below is vested in said company.

Name of Patentee(s):

Patentee 3 **Dietmar DEGENKOLB**

Patent Number: **5,968,212**

Date of Patent Issued: **October 19, 1999**

Title of Invention: **Apparatus for Gasification of Combustion and Waste Materials
Containing Carbon and Ash**

I believe said patentee(s) to be the original, first and sole or joint inventor(s) of the subject matter which is described and claimed in said patent, for which a reissue patent is sought on the invention entitled

APPARATUS FOR GASIFICATION OF COMBUSTION AND WASTE MATERIALS CONTAINING CARBON AND ASH

the specification of which is attached hereto and amended by the attached amendment.

I hereby state that I reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, by reason of translation error.

At least one error upon which reissue is based is described as follows:

There was a translation error made when translating the original priority application. The term "Flugstrom vergaser" was incorrectly translated as "fluidized-bed reactor" when it should have been "gasification reactor". The term is already in the specification at line 18 of column 3 and is supported in the title. The prosecution history and references cited by the Examiner establish that a gasification reactor was claimed and prosecuted in spite of the use of the incorrect "fluidized-bed reactor". Thus, the present reissue only corrects this error in terminology.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.

I hereby appoint the following attorneys and/or agents to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith:
